

# ISIJOLA, Ayomikun A.

## Chemistry Student | Software Engineering Intern

Email: [isijolaayomikun04@gmail.com](mailto:isijolaayomikun04@gmail.com) | Tel: + (234) 8136503239 | LinkedIn: [LinkedIn](#) | GitHub: [GitHub](#)

### SKILLS & COMPETENCIES

**Programming Languages** – JavaScript, CSS3, HTML5

**Frontend Libraries & Development Tools** – React.js, Chrome DevTools, Pesticide, Tailwind CSS

**Version Control & DevOps** – PowerShell, Git, GitHub

**Technical & Scientific Skills** – Analytical Thinking, Scientific Research Methods and Laboratory techniques and Safety

**Languages** – English: Fluent, Spanish: Intermediate, Japanese: Basic

**Interests** – Coding, Chess and Basketball

### WORK EXPERIENCE

<b>Campus Ambassador</b> Cowrywise   University of Ilorin	October-2025-present
<ul style="list-style-type: none"><li>Representing Cowrywise on campus by promoting financial literacy and digital savings culture among students.</li><li>Organizing and coordinating awareness events, workshops and online campaigns to increase student engagement.</li><li>Serving as the liaison between Cowrywise and the university community, collecting feedbacks and improving brand outreach.</li></ul>	
<b>Campus Ambassador</b> Univad   University of Ilorin	September 2025-present
<ul style="list-style-type: none"><li>Representing Univad on campus by promoting its online diploma and short course programs.</li><li>Engaging students through outreach campaigns and digital promotions to increase awareness of global learning opportunities.</li><li>Collaborating with other ambassador to organize virtual and on-campus events focused on skill development.</li></ul>

<ul style="list-style-type: none"><li>Studying several aspects of software development including frontend, backend and mobile development.</li><li>Utilizing HTML, JavaScript, SASS to create smooth single-page style transitions and landing pages while maintaining graphic standards and branding throughout the applications' interfaces and ensuring compatibility across devices of different screen sizes.</li><li>Proactively suggesting improvements where possible to improve developed applications' interfaces layout responsiveness, animations and transitions.</li><li>Translating Figma wireframes and developing responsive and developing user experiences interfaces using JavaScript, React and advanced styling frameworks like Tailwind CSS while prioritizing performance and enhanced user experience.</li></ul>	

### EDUCATION

<b>Bachelor of Science in Chemistry</b> University of Ilorin, Ilorin, Kwara State	2024-ongoing
<b>Senior Secondary School Certificate (WASSCE)</b> St. Thomas Aquinas College, Akure, Ondo State	2019-2024
<b>Junior Secondary School Certificate (JSSCE)</b> Sacred Heart Catholic Minor Seminary, Akure, Ondo State	2018-2019

---

## PROJECTS & EXTRACURRICULAR

### ChemQuest | An Educational Chemistry Quiz Game

An interactive quiz game that helps users learn about different chemicals, their use, and their effects on the environment.

[\(view-here\)](#)

### GreenLab | Household Chemicals Safety Checker

Also building a mobile app that allow users to identify household chemicals, understand safe usage, and promotes eco-friendly alternatives.

[\(view-here\)](#)

### YouTube Clone

Developing a YouTube-style video streaming platform using **HTML**, **CSS** and **JavaScript**, with ongoing work to make it fully **interactive**.
